... working with world embracing educators, entrepreneurs, and emerging leaders to:

**educate and lead** with character, strength and joyful excellence

**unite** strong, diverse cultures of purpose, talent and capacity

**inspire** learning cultures of flourishing creativity and growth.

## CHARACTER: How important is...

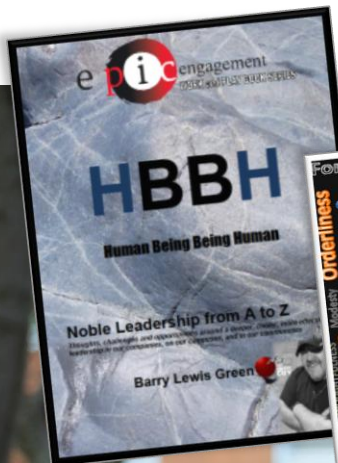

- leading, living and teaching with high character and strength?
- inspiring those around us to be excellence driven?
- motivating strong cultures at school, work and community?

## CAPACITY: How important is...

- building the collective capacity to work together and serve?
- celebrating and optimizing the diversity advantage?
- finding your unique, distinguishing and strategic advantage?

## CREATIVITY: How important is...

- fostering excellence in engagement and collaboration?
- building powerful learning cultures of imagination and originality?
- being more resourceful and better able to serve?

## What people have to say....

I had the distinct pleasure of being in an audience in Montreal with Barry Lewis Green on the stage. Quite simply, Barry absolutely captivated us with his talent, his message, and his heart. The feeling of unity that Barry created in the room that day was extraordinary. I absolutely recommend him for your meeting or event.

Barry Lewis was absolutely wonderful as a speaker on our staff retreat. He was *exceptionally* personable as well as flexible! He made connections with the group as a whole and as well with *each and every* individual. Barry has the ability to make each and every member of your team feel important and valued. It is a wonderful skill! - **Franca Smith, Senior Analyst, Government of Newfoundland and Labrador**

It was a great day yesterday! Thanks so much for being part of CSCNL's ACE work in the area. As you know we wanted this day to be *different* and it was. People had a *really* good time and got *a lot* of take-aways. For sure the messages I had hoped you would convey were *really well embedded* in the session. - **Penny Rowe, Executive Director, Community Sector Council**
